TIGHE IS REBUKED.

Mayor Boody Apologizes for the Ill-Treatment of the Vikings.

Brooklyn Will Do Its Best to Wipe Away the Stigma.

A Hearing to He Granted the Norsemen To-Morrow.

Capt. Magnus Andersen, of the Viking, accompanied by Lawyer August Reymert, went over to Brooklyn this to get satisfaction for their outrageous treatment by the Brooklyr

police early yesterday. Capt. Andersen went over on the Wall Street Ferry with Mr. Reymert, and on the boat they met Gen. C. T. Christiansen, Pfresident of the Brooklyn

Capt. Andersen told Gen. Christiansen of his proposed visit to Mayor Boody, and Gen. Christiansen volunteered to accompany him to the City Hall and present him to the Mayor.

The little party had hardly passed the huge columns in front of the City Hall before the fact that they had arrived spread all through the city buildings.
Capt. Andersen and his friends went at once to the Mayor's office, where they were very cordially greeted by Mayor Boody.
Gen. Christiansen stated the object of the visit to the Mayor, who said he would do what he could to set matters straight.

He sent at once for Police Commis-gioner Henry D. Hayden and Police Justice Tighe. Gen. Christiansen took his leave.

his leave.

Capt. Andersen and Mr. Reymert were soon closeted with the Mayor and Commissioner. Within a very few minutes Justice Tighe bustled in, looking very much the worse for his hurrying under the rays of the hot sun.

He was at once admitted to the conference, which lasted fully fifteen minutes.

"I told the Mayor that all we wanted was the time shortened for our examination so we could go on to Chicago.

"The Mayor said he would like to have the matter dismissed, and suggested that the whole affair be settled in the office, right then and there.

"Mr. Reymert asked that Policeman Tate, who caused our arrest, be summoned from his vacation so that the case could proceed. Commissioner Hayden said he would attend to that at once.

"The Mayor assured us in unqualified terms that he was sorry that the affair had occurred, but would do his best to right the wrong as far as possible. I then invited Mayor Boody to visit the Viking to-morrow at the same time Mayor Gilroy, of New York, is to be there.

"The Mayor said he could not accept."

"The Mayor said he could not accept the invitation until the present trouble had been settled and the stigma on Brooklyn wiped off; then he would giadly come and see us.

"When Judge Tighe arrived he came in very pompously. He said he could not act in this matter only as a police magistrate, with the case properly before him.

"At the suggestion of the Mayor and Police Commissioner the case was set down for settlement to-morrow morning at 8 o'clock.

"He said he had heard I was ready to plead guilty. I told him I was not, nor was any of my men.

"I did intend to bring an action against Judge Tighe to have him impeached for conduct unbecoming a magistrate. The whole Scandinavian population of Brooklyn would have backed such a course. They claim they could get enough evidence to do it. This will be unnecessary now."

Capt. Andersen was very much pleased with the canduct of Mayor Hoody. He was introduced to the heads of the various departments.

Mayor Boody said after the conference that the matter had been settled satisfactorily.

"I do not know that they are, but that is their privilege," he replied.
Butler Street Court will be a lively place to-morrow morning when Capt. Andersen and his men go there and literally march up the aisle and march down again.

Some of the street gaining on Broom street, near Ludlow, set fire to oil tank No. 20, of the Domestic Light Company, of 610 West Forty-sixth street. tank was one of the kind used to distribute oil to the residents of the poorer districts. To this rag the match was applied, and instantly the wagon was in flames, the wooden truck of the wagon burning flercely.

The fire alarm brought the engines to the scene, and they put the blaze out in short order. short order.

It was feared that the tank, which held about 300 gallons of oil, would explied, but happily the Fire Department's quick response to the alarm averted this catastrophe.

Columbia Freshmen Take a Spin Before Racing Cornell.

NEW LONDON, June 20,-The college parsmen on the Thames regard the conditions for this afternoon's Cornell-Columbia Freshman race as fairly favorable. Coach Bander, of Columbia, took his

crew out this morning, and put them over a four-mile spin, a haif mile of which was done in fast time over the flagged course. For a light Freshman crew this amount of action on the morning of a hard race struck Capt, Ives, of Yale; Capt, Vall, of Harvard, and Coach Courtney, of Cornell, as indiscreet.
Coach Hander, however, said it was his policy to give his men plenty of work, and he stated that he put the '94 Freshman crew over just the same ground the morning they made the famous 9.41 record in 1891, which still holds.

At 9 o'clock this morning Capt, Ives coached the Yale 'varsity crew, which took a four-mile spin in the cove just beyond the crew's quarters. "Bob" Cook and "Al" Cowles, the veteran coachers, went behind the Freshmen and sent them two miles up the river.

The chief difficulty which has hereto-fore prevented the Commissioners from coming to terms with the Elevated Railway people was the inability to agree upon the amount of compensation to which the city was entitled for the concessions it proposed to grant.

Mr. Starin has now practically accepted the terms made by Mr. Gould when he last appeared before the Commission, in agreeing to the annual 5 per cent. tax on net income of the concessions in the concession of the concession to which the city was entitled for the concessions it proposed to grant.

Mr. Starin' has now practically accepted the terms made by Mr. Gould when he last appeared before the Commission, in agreeing to the annual 5 per cent. tax on net income of the road, provided this tax does not amount to less than \$125,000, and he has also consented to give the Company the option of paying \$175,000 a year in a gross sum in lieu of this tax, which as Mr. Spencer remarked after vesterday's meeting, he regarded as a more favorable proposition than the former to the Rallroad Company.

Judging from the statement made by Russell Sage this morning, however, when asked whether the Maniattan Company was disposed to accept either of the propositions made by the Rapid Transit Commission, there is some doubt as to the outcome of the last offer on the part of the Commission.

Mr. Sage said:

Mr. Sage said:

"They have simply arrived at a basis where we can talk from now, but the Manhattan Company is not in a position to pay the money that the Commission would exact.

"The fact of the matter is, we do not want to build; we are perfectly satisfied to let well enough alone, and go on as we are doing.

"Nothing definite will be settled until Mr. George Gould's return. We shall have a meeting in due course and will talk this subject over, but it will be talk, except in this: I shall oppose the payment of \$175,000 a year. year.

"I do not think it fair, equitable or just, and the Mannattan cannot afford to do it; that's all there is to it."

Madison street, and David Sliberstein, of 27 Rutgers street, walked into the Eissex Market Court this morning, each having a hold on the other's collar.
